

# Constellation Art Activities (Ages 5-7)

## Orion The Hunter

Patterns in the stars are called constellations. Orion the Hunter is a constellation that you can see in the night sky in winter. Orion was a great hero from Greek legend and people imagined they could see the stars making a picture of him in the sky.

Can you draw Orion the Hunter over the stars below?

## Cygnus The Swan

Cygnus the Swan is another beautiful star pattern which looks like a majestic bird. In Greek legends, a god called Zeus used magic to change himself into a swan! This constellation is meant to show the swan flying through the summer sky.

Can you draw Cynus the Swan over the stars below?
